Claim 22 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The terminology "R3 or R4 methyl" and "R1 COOH" is not disclosed or suggested by the specification, as originally filed.

Applicant's arguments filed October 17, 2005 have been fully considered but they are not persuasive.

Applicant contends that claim 22 as amended corresponds to Figure 1. This argument has not been found persuasive.

None of the compounds represented by Figure 1 have substituents wherein R3 or R4 is methyl and R1 is COOH. Note that R4 can be at the 5-position and R3 can be at the 8-position.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
